College Credit for Military Training & Experience

North Central Institute (NCI) is a privately owned post-secondary educational institution, accredited by the Council on Occupational Education (COE). Our academic opportunities are geared primarily towards career advancement in the aviation industry. However, we offer the Credit Inventory Evaluation (CIE) service to those who have served in any branch of the US military, and want that training and experience evaluated for college credit. The quality of the CIE process is assured by determining equivalency through the American Council on Education (ACE) guide.

Advantages to our CIE service include:

- Evaluation of your military training and experience, as it applies to college credits.
- Compilation of your military training and experience, standardized test results for CLEP and/or DANTES, plus any previous college courses on to one, official transcript.
- Support for your advancement at the military promotion boards.
- Determination of number of credits you have earned towards a diploma or degree.
