Institute**
Aviation Maintenance School

Aviation Maintenance Technology (AMT 65) Program 4 Week course Accelerated Nine (9) Day course available

Often called an “A&P” (Airframe and Powerplant), an Aviation Maintenance Technician (AMT) is responsible for maintaining aircraft in a safe condition for flight. Employment opportunities are plentiful, and most often found in the Aviation Industry. However, A&Ps are also employed in other related industries.

📍 168 Jack Miller Blvd. Clarksville, Tennessee 37042

GAP-100 Aircraft General, Airframe and Powerplant 79/9/5.5

Lectures on aviation topics and procedures along with hands-on, technical instruction in all three areas are provided. Students wishing to improve their aviation knowledge, but not seeking certification, may take the course.

GA-101 Aircraft General and Airframe 51/7/3.5

Lectures on aviation topics and procedures along with hands-on, technical instruction in both areas are provided. Students wishing to improve their aviation knowledge, but not seeking certification, may take the course.

GP-102 Aircraft General and Powerplant 52/6/3.5

Lectures on aviation topics and procedures along with hands-on, technical instruction in both areas are provided. Students wishing to improve their aviation knowledge, but not seeking certification, may take the course.

AR-103 Aircraft Airframe 27/3/2.0

This course is for students who have earned the FAA Powerplant certification for aviation maintenance technicians and now are qualified to pursue Part 65 Airframe. Lectures on aviation topics and procedures along with hands-on, technical instruction are provided.

AP-104 Aircraft Powerplant 28/2/2.0

This course is for students who have earned the FAA Airframe certification for aviation maintenance technicians and now are qualified to pursue Part 65 Powerplant. Lectures on aviation topics and procedures along with hands-on, technical instruction are provided.

Visit North Central Institute (NCI)

Bring both of your original Rating Applications (FAA Authorization 8610-2) to NCI when you register.

During the program, you will have the opportunity to take the FAA written exams, which are done through a third-party testing provider, PSI services at a cost to the student of up to \$200 per test. PSI are administered here at NCI and you will receive instant results. PSI tests must be paid in full prior to taking the PSI test. The written exams are not mandatory, but will be needed if seeking FAA certification (you will not be able to take your Oral & Practical exams without them.) **DO NOT** lose your PSI test results.

FAA Certification

After you have completed the course and passed all required FAA written exams, we can assist you in scheduling your Oral & Practical exam with an FAA Designated Mechanic Examiner (DME). Fees are up to \$2,000 for all 3 subject areas. Prices subject to change without notice.

NCI is a privately owned post-secondary educational institution, accredited by the Council on Occupational Education
7840 Roswell Road,
Building 300 Suite 325 Atlanta, GA 30350
Telephone: 770-396-3898 Fax: 770-396-3790
